While it is a fact that the Democrats of Kentucky are going to carry the state by a majority of from 25,000 to 35,000, and it is generally conceded by the Republicans that the state will go Democratic in the presidential race, there is necessity of action on the part of the Democrats to see that such a state of affairs does not fail. The Republicans virtually admit that Indiana will go Democratic, and with that habit of theirs to attract some unexpected quarter, they are going to do their mightiest effort to carry Kentucky as an offset to Indiana. As an evidence of their fear of losing other states and in conformity with the above mentioned actions, they at the last moment, have changed their plans, and are going to deluge Kentucky with their strongest orators, commencing with Tatt and a host of other prominent speakers. Their campaign committee has arranged to send to Kentucky thousands of dollars to be used for their benefit. The Democrats should awaken and be ready to counteract the effect of such a procedure. The Democrats of Rockcastle should organize clubs in every district in the county, at once—delay is dangerous. Organize your clubs and whoop up the good work and redeem Kentucky from the insinuation that she is a doubtful state. Whoop up the great Bryan and Kern and show the world that Kentucky is going to insist upon the carrying out of the motto that, "the people shall rule."

O. O. Stealy, Washington correspondent of the Courier-Journal and James S. Henry, Washington correspondent of the Philadelphia Press, began the simultaneous publication in Monday morning's Courier-Journal of a series of articles on the political situation in the doubtful States. Messrs Stealy and Henry are traveling to gether, but are making independent investigations. Their first articles, based upon their personal observations in Indiana and conversations with politicians, business men and laboring men will reveal the situation in the Hoosier State to-day. This article will be followed by others giving

the results of their experience in other close States. Mr. Stealy is a life long Democrat and a close friend of Mr. Bryan, while Mr. Henry is a Republican and will vote for Mr. Taft. They are correspondents of long experience and are able to see the situation from nonpartisan eyes.—Courier Journal.

In Indiana Stealy finds the situation favorable to Bryan, while Henry finds it a clean sweep for Taft.

POLITICS AND POLITICIANS

There were fifty-four new cases of cholera and twenty-seven deaths in St. Petersburg for the twenty-four hours ended at noon Wednesday.

The Kentucky division of the United Daughters of the Confederacy is holding its twelfth annual convention in Bardstown.

The State grand lodge of Odd Fellows adjourned its annual session at Bowling Green Wednesday. Mayfield will be the place of meeting next year.

Ex-Senator T. R. Welch, of Nicholasville, has announced his candidacy for the State Senate in that district. He is a very popular democrat and was one of Gov. Goebel's attending physicians during his last illness.

The Taylor County Sentinel is the name of a new paper which will make its appearance at Campbellsville. The paper will be Democratic and will have for its editor a persevering young Democrat, Rufus Mathews, of Taylor county.

All the robberies committed by all of the insurance companies in all times in the past does not amount to one-fifth of the robberies committed under the Dingley law in one single year.—Governor Cummins, republican governor of Iowa.

National Chairman Hitchcock has announced that Mr. Taft would remain on the stump until the day of the election. After making a short swing in the South the Republican candidate will invade the East, where he will remain until the campaign closes.

Timothy L. Woodruff, republican State chairman of New York, said that Andrew Carnegie had contributed \$20,000 to the republican campaign fund. The only other contributor of \$1,000 or over, according to Mr. Woodruff, is Mrs. Russell Sage, who gave \$1,000.

Chairman Mack, of the Democratic National Committee, said Monday that the campaign list showed contributions to the number of nearly 25,000 from a dollar up. The chairman said the total fund will be about \$225,000 as already has been published.

The Democratic National Committee on October 15 will announce the contributions that have been made to the campaign fund and the names of the contributors. According to statements given out in New York the amount so far received is something like \$220,000.

William J. Bryan and William H. Taft met at the banquet of the Chicago Commerce Association and both delivered addresses. The meeting of the two political leaders was an occasion of dramatic interest and as they clasped hands at the festal board the other guests cheered long and loud.

At a mass-meeting of the Federation of German Clubs of Louisville held Monday resolutions were adopted denouncing the Anti-Saloon League movement for the reason that it was a wrongful encroachment upon the rights of a citizen. The resolutions declared that temperance is all right, but that the enforcement of sumptuary laws never help the cause of morality.

Traveling through Missouri William J. Bryan delivered 25 speeches, all of them being heard by large and enthusiastic crowds. The closing speech of the day was at St. Joseph. On his tour Mr. Bryan was accompanied by representatives of all the Democratic factions in Missouri and by several of the State candidates.

In a series of speeches made on the first day of his campaign in Nebraska, which ended last night, William J. Bryan appealed directly for the farming and laboring vote, on the ground that he is the logical candidate of the producer and wage earner. He opened this line with his first speech at Blair, and continued it throughout the day, making twenty one speeches.

"We shall always praise Peruna, for it saved our boy's life."

HERMAN HOCHMUTH.

MRS. EARNEST HOCHMUTH, 1701 1/2 Maple St., Des Moines, Iowa, writes: "Two years ago our little boy, Herman, was taken down with scarlet fever. He took cold with it, and instead of the eruptions coming to the surface they affected his lungs and stomach. For weeks we watched by his bedside, hardly expecting him to live from one hour to the next.

"Finally he became a little better and was able to sit up. Then he commenced coughing, and in spite of everything we could do he seemed to get worse all the time. His coughing spells would last until he was completely exhausted, and his lungs hurt him a great deal. Everybody thought he had consumption.

"One day, while at the drug store, my husband saw a *Peruna* ad and bought it home. We read in it a perfect description of his case and we thought we would try *Peruna*. We bought a bottle, quit everything else, and began giving him *Peruna*.

"By the time two-thirds of the bottle was used the cough had almost gone, after he had taken two bottles he was perfectly cured. He has not seen a sick day since and is a hearty, healthy boy. 'We shall always praise *Peruna*, for it saved our boy's life.'

Man-a-lin the Ideal Laxative.

Gov. Willson Monday offered \$500 for the arrest and conviction of the members of the mob that massacred a negro family at Hi-kman. In his proclamation the Governor says that such threaten "what we have left of civilization."

William H. Taft Monday put in a strenuous day of campaigning in Ohio, his itinerary covering seventeen towns, closing with meeting Monday night in Akron. Mr. Taft devoted the major part of his speeches to a defense of his decision in labor union cases.

Both candidates for President and Vice President on the Democratic ticket returned to their respective homes yesterday. Both expressed confidence of victory at the polls on November 3. Mr. Bryan leaves tomorrow morning for a tour of Nebraska, Colorado and Wyoming. Mr. Kern will leave his week to speak in New York, New Jersey and Connecticut.

In Greensboro, N. C., will be held during the week the sessions of the National Peace Congress.

The report shows that it took \$339,000 to elect Hughes in New York, more money than the Democrats have in this campaign. It is said, however, that this time Hughes is too far gone for money to save him.

Trustees of Berea College are speaking at different places in the state in regard to the establishment of a colored college. It is proposed to purchase a large tract of ground upon which to erect buildings etc. Special attention will be given to the physical training at this school. Agriculture and many trades will be taught the males, while the females will be taught to sew, nurse, cook, keep house etc. The speakers ask for sympathy and financial help.—Richmond Climax.

Scott's Emulsion

of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First—Because, if any member of the family has a hard cold, it will cure it.

Second—Because, if the children are delicate and sickly, it will make them strong and well.

Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

Fourth—Because it is the standard remedy in all throat and lung affections.

No household should be without it.

BROKE ALL RECORDS

Recent Bahaman Hurricane Exceeded Great Storm of 1866.

Nassau, Bahama, Sept. 30.—Only fragmentary reports have yet reached the seat of government here as to the damage done to the outlying islands of the dependency which were ravaged by a hurricane from the 11th to the 14th inst., but such news as has arrived is sufficiently bad. The storm appears to have originated near Turks Island and swept with increasing fury up the long string of islands running southeast from here. Inagua, Acklins, Crooked, Ragged Fortune, Long, Watlings, Rum Cay, Exuma and the south part of Andros Islands, all appear to have suffered. On Long Island the gale blew for two days and the settlements are practically obliterated from end to end, the principal place, Claracotown, having only five houses left standing. The inhabitants were forced to find shelter in caves, and food and water were almost unobtainable.

The government schooner Douglass was blown from her anchorage at Long Bay and was driven ashore on Long Island. Many other boats were lost, but it will be weeks before the full account will reach Nassau. There is no doubt that the loss of life is heavy. The whole countryside, even so far as Cat Island, is scalded and burnt as it with fire, from the terrible driving of the salt water across the land. While the actual money loss is insignificant, the houses destroyed, for the most part being mere shanties, nevertheless the loss to the owners is severe, representing, as it does, practically everything that they possessed.

The government has taken relief measures and schooners are being daily dispatched laden with food stuffs, lumber and nails. The recent gale is said to have exceeded in fury the hurricane of 1866, which has always been the standard of comparison, but unlike that storm, the present one was deflected from its course and traveled northeast and not northwest, so that this, the capital, and the nearer islands which were wrecked in 1866, have this time escaped with nothing but a stiff blow.

LONDON'S UNEMPLOYED

Serious Problem Confronts the World Metropolis.

London, Sept. 30.—The problem of dealing with the unemployed in the great centers of population throughout the United Kingdom is being seriously considered by the government authorities, all of whom agree that the number of persons out of work will be greater the coming winter than in many years before. No estimate has been made of the unemployed in London, but a census taken by the newspapers of provincial cities shows alarming numbers.

The conditions at Glasgow are probably worse than in most of the other cities, there being 22,000 men now seeking work at that place. Sunderland has 13,000 unemployed; Birmingham 10,000; Liverpool 14,000; Manchester 8,000, and other cities from 1,000 to 5,000 each. These figures do not include the great army of strikers in the Lancashire cotton trade. Distress funds are now being raised throughout the country.

PASTOR HITS PUG HOMECOMING

Arraigns Program in Honor of Billy Papke.

Kewanee, Ill., Sept. 30.—A scorching arraignment of prize fighting was made by J. W. Nelson, pastor of the First Congregational church, in entering a disclaimer that the widely heralded homecoming reception here last week for Billy Papke, champion middleweight fighter, was to be considered a demonstration of representative opinion in Kewanee. He declared the influences of pugilism debauch the morals and that Kewanee does not desire to acquire a reputation as the "slugging center" of the country.

FIND MAN'S BODY IN WEEDS

Bloomington Has Mystery in Discovery of Decomposed Remains.

Bloomington, Ill., Sept. 30.—A murder mystery developed here when the badly decomposed body of a well-dressed man aged about forty-five and bald-headed, was found hidden in a clump of weeds on the Chicago & Alton right of way with a bullet hole through the head. A \$10 gold piece and a revolver lay near the corpse. Two fountain pens and a conductor's hat check, Chicago to St. Louis, were also found.

DROWNS IN SIGHT OF FRIENDS

Slips From Boat, but Companions Believed He Could Swim.

Alton, Ill., Sept. 30.—With several friends standing almost within arm's length, Samuel Joseph Williams slipped from the deck of the power boat Missouri into the river and was drowned at Maple Island. He floundered about in the water for a few seconds and his friends, who thought he could swim, stood on the deck of the boat and watched his death struggles.

Died Suddenly of Heart Failure.

Lexington, Ky., Sept. 30.—John Henry Neville, vice president of the Kentucky State university, and one of the leading educators of the south for half a century, died suddenly at his home here of heart failure. Mr. Neville was eighty years of age, having been born in Christian county in 1828. He is survived by two daughters.

The Kind You Have Always Bought

The Republican Campaign managers in Kentucky want National Chairman Hitchcock to put up \$75,000 with which they think they can carry the State for Taft. Seeing that there is no hope of carrying the State by an honest vote the plan now seems to buy it, and \$75,000 as the price necessary to get it. There is little doubt but that the money can be secured, but we don't think Kentucky is for sale this time.

London suffered a \$50,000 loss by fire Wednesday morning. The fire originated in Rhineheart's livery stable, destroying the stable, buggies and one horse which he loaned to Judge Falkner. The fire spread to the Jackson block completely destroying the large brick structure, which was occupied by Kehr Bros., Eberlein & Co., Eversole & Co., and A. J. Howard, besides a number who had offices on the second floor. All were partially insured. Capt. R. M. Jackson, the owner of the building, was the heaviest loser, his loss being about \$20,000 with only \$7,500 insurance. The block will be rebuilt at an early date with a better and handsomer structure, so says Mr. Jackson.

To THE REPUBLICAN VOTERS OF ROCKCASTLE:—Three years ago I was elected to the office of Constable and have tried to make a good officer. I am now a candidate for the nomination for jailor. I have always been a true Republican. I have always fought for the party at all times. If elected I pledge myself to make a sober, honest and faithful officer.

Yours truly,
CAM MULLINS.

Bob Mason, of Pine Hill, Saturday while attempting to catch on to a freight just south of Richmond Street crossing, came near losing his life. He was thrown to the ground, his body just barely missing the rail, and for several minutes was thought to be seriously injured. He was apparently as dead as he will ever be, his head considerably cut and his left arm sprained. In a short time however he regained consciousness and was able to go to his home. This should certainly be a lesson to Mr. Mason and several more boys and young men around Mt. Vernon to stay off of freight trains or at least to get off and on while standing still.

Variety is said to be "the spice of life," and in this respect the people of Mt. Vernon have had this week an entertainment of unusual order, given under the auspices of ladies of Christian church. Bro. Wm. Yancey Erwin gave an excellent rendering of some of his original poems preceded by his excellent lecture on "The Mountains." Mrs. Erwin added greatly to the interest of the occasion in her excellent rendering of "Santa Clause," a touching poem of great beauty. The readings and recitations were interspersed throughout with excellent music, rendered by Mesdames Anna Miller, Mae Rider, Margaret Dyche, Miss Bessie Mullins and Messrs. Eder and Walter Mullins and Victor Tate. The entertainment was listened to with interest and delight throughout by an appreciative audience. The moral tone of Bro. and Sister Erwin's readings are heartily commended to all among whom they may come.

Remember the entertainment at the Court house to night.

Weak Heart Action

There are certain nerves that control the action of the heart. When they become weak, the heart action is impaired. Short breath, pain around heart, choking sensation, palpitation, fluttering, feeble or rapid pulse, and other distressing symptoms follow. Dr. Miles Heart Cure is a medicine especially adapted to the needs of these nerves and the muscular structure of the heart itself. It is a strengthening tonic that brings speedy relief. Try it.

"For years I suffered with what I thought was stomach trouble, when the doctors told me I had heart trouble. I had tried many remedies, when the Dr. Miles' Heart Cure came into my hands, and I concluded to try Dr. Miles' Heart Cure. I have taken three bottles, and now I am not suffering at all. I am cured and this medicine did it. I write this in the hope that it will attract the attention of others who suffer as I did."

The American balloon conqueror which started in the third international balloon race for the James Gordon Bennett cup at 8:10 Monday, exploded a few minutes after the start. When the silk bag split and released the gas the balloon was 4,000 feet above the earth. For half the distance the car and its occupants, A. Holland Forbes and August Post, fell with terrific speed and a horrible death seem to await them in sight of 80,000 persons who had gathered. But the silk bag suddenly filled with air and acted as a parachute, saving their lives and letting them off with slight injuries.

By winning Tuesday's game from Detroit, 3 to 0 Chicago has won three of the four games of the championship series. Should victory again come to Capt. Chance's men to-day the world's championship for 1908 will come with it. Tuesday's game was an errorless one, and the Detroit enthusiasts ascribed their defeat very largely to the luck of the game.

Kennedy's Laxative Cough Syrup is used nearly every where, because it not only heats irritation of the throat and stops the cough, but it drives the cold out of the system, through its laxative principle by assuring a free and gentle action of the bowels, and that is the only way to cure a cold. You can't cure it as long as you are constipated. Insist upon Kennedy's Laxative Cough Syrup Sold by Chas. C. Davis.

A JEWELER'S EXPERIENCE C. R. Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis, Ind. writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. As the cooler weather hastens there is a growing hope of the cholera situation in St. Petersburg improving. In Manila also a discouraging state of affairs exists because of a similar epidemic, though there it has been on a much smaller scale. In the capital of the Philippines the utmost is being done to eradicate the disease before the return from Japan of the battleship fleet. The fleet of sixteen big sea fighters should arrive in Yokohama on Saturday.

How To Cure a Cold. The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Chas. C. Davis.
